

The I.S.G.A. Annual Affiliation Structure

I.S.G.A affiliations are paid recognising the number of teams that a school could potentially enter on a basis of **£15 per age category**. This is irrespective of whether they actually enter them or not. If a school wishes to enter both boys as well as girls there is a concessionary discount on boys' teams only, of £5 per age group.

eg: A Junior School 3 – 13 who pays to affiliate its girls and also wishes to affiliate its boys, (potentially 3 age group teams) will get a discount of 3 x £5 = £15, paying £30 only, rather than £45 for the boys. The discount* only applies if girls are also affiliated.

There are a variety of different independent schools of varying sizes and sexes in both junior and senior departments. Too many to list separately. Please use both tables below to calculate the fee you need to pay and the three pages of examples to guide you if necessary.

Schools affiliating GIRLS for competitions pay in the following age group bands.

Junior Schools	3 - 11	(U9, U10, U11 - 3 age groups)	3 x 15	£45

Please ensure enough time is allowed for bursary departments and the I.S.G.A Administrator/Treasurer to process the papers and send out your Affiliation number. Competition entry deadline dates must be adhered to as qualification procedure etc may need to be put into motion. First competition entry deadline usually by end of September.
