

## Disclaimer

Adcote School, The Independent Schools Association (ISA), and the Competition Organisers / Competition Secretary regret that they cannot accept legal liability for any damage or accident during any of the competitions. It is incumbent upon all teachers, coaches and parents to check with their school that they are adequately insured.

Adcote School, The Independent Schools Association (ISA), and the Competition Organisers / Competition Secretary regret that they cannot accept liability for loss or damage howsoever caused to the personal property of anyone attending this competition.

If any item is of significant value, schools and parents are advised to check the cover that may be in place under existing policies, for example, Household Insurance, and if in doubt, to effect specific insurance to cover the items in question for the duration of this event. It is suggested that this should cover travel to and from the venue.

**Member of Staff's Commitment:** Once the Closing Date has passed in February, a number of processes are put into operation and commitments by the host school are made, including financial commitments. Therefore the organisers are put into a very difficult position if any schools withdraw. You are expected to contact the Competition Secretary personally, before you make a decision, if you really feel that you have no alternative but to withdraw a team.

I confirm that I have read and understood the above disclaimer and sign below to show my acceptance of the conditions. **I understand that our entry to this event will only be accepted when this hard copy Disclaimer Form has been signed, sent by post and received by the Hon. Organiser Miss Louise Hudson.**
