

ISGA Junior Researcher Quiz No 2

Test your gym brain and find out more about ISGA

I hope that this will take your mind off things and be a change from home schooling!

The answers are all found somewhere on the ISGA website, sometimes in more than one place. None of the answers are found in the Members section which requires a password. If you are a young gymnast and find this quiz too difficult write down the answers you have found then ask another person to help you find the rest of the answers.

Download this page and print it off and write your answers in the spaces provided. Then check against the answers which will be published by Sunday 28 February 2021 on the Chairman's Corner <https://www.isgagymnastics.org/chairmans-corner/>

If you found this quiz easy to complete then a second, slightly more difficult SENIOR RESEARCHER QUIZ No 1 is also available on the website.
