If any item is of significant value, schools and parents are advised to check the cover that may be in place under existing policies, for example, Household Insurance, and if in doubt, to effect specific insurance to cover the items in question for the duration of this event. It is suggested that this should cover travel to and from the venue.

Member of Staff's Commitment: Once the Closing Date has passed, a number of processes are put into operation and commitments by the host school are made, including financial commitments. Therefore the organisers are put into a very difficult position if any schools withdraw.
