

The I.S.G.A. Annual Affiliation Structure

I.S.G.A affiliations are paid recognising the number of teams that a school could potentially enter per age category. This is irrespective of whether they actually enter them or not. If a school wishes to enter both boys as well as girls there is a small concessionary discount on boys' teams only, per age group.

eg: A Junior School 3 – 13 who pays to affiliate its girls and wishes to affiliate its boys, (potentially 3 age group teams) will get a discount. The discount only applies if girls are also affiliated.

There are a variety of different independent schools of varying sizes and sexes in both junior and senior departments. Too many to list separately. Please use both tables below to calculate the fee you need to pay and the three pages of examples to guide you if necessary.

Schools affiliating GIRLS for competitions pay in the following age group bands.

Junior Schools	3 - 11	(U9, U10, U11 - 3 age groups)	£50
Junior Schools	3 - 13	(U9, U10, U11 U13 - 4 age groups)	£65

New Schools	(for the first year only)	3 - 18	£65

Affiliations are due 1st June after the AGM when the Secretary sends out an affiliation form for present member schools each year and also new schools requesting affiliation, to allow schools to submit their fees and be allocated a **School affiliation number**.

Your School Affiliation number must be quoted on all entry forms otherwise the entry is invalid. Please ensure enough time is allowed for bursary departments and the I.S.G.A Administrator/Treasurer to process the papers and send out your Affiliation number. Competition entry deadline dates must be adhered to as qualification procedure etc may need to be put into motion. First competition entry deadline is usually by end of September.
